

Coronavirus

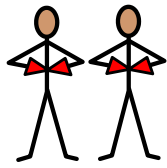

testing

at Woodfield School

When

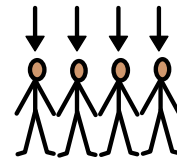

we

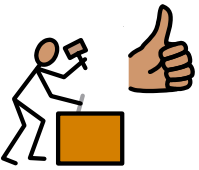

return to

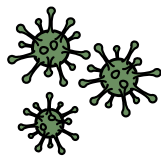

school,

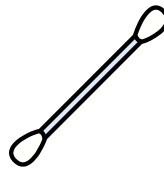

everyone

can do

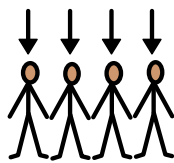

a Coronavirus

test.

This is to keep

everyone

safe

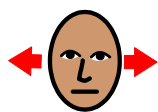

and

healthy.

I can

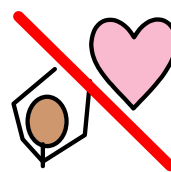

say no

if

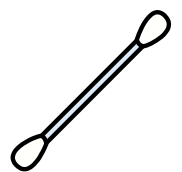

I

do not want

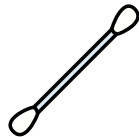

a

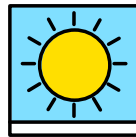

test.

My

test

day

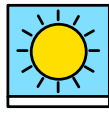

On

my

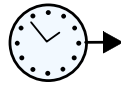

test

day,

I

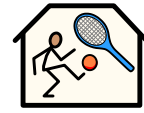

will

go to

the

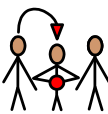

hall

and

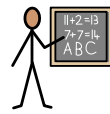

wait

for

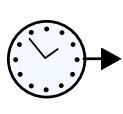

my turn.

A

teacher

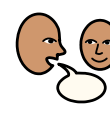

will

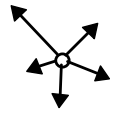

help me

and

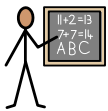

tell me

where

to go.

Teachers

will be

wearing

a face

mask,

a face

shield,

gloves

and

an apron

to

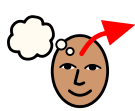

keep them safe.

I

should

remember

to

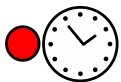

wash my hands

and use

hand sanitiser

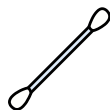

before

and

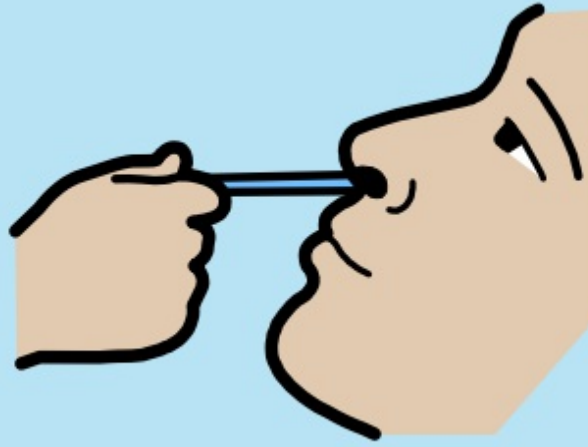

after

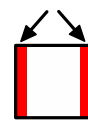

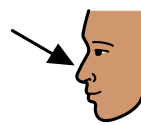

the

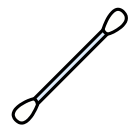

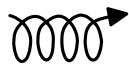

test.

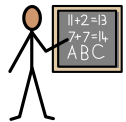

I must put the swab in my nose on both sides.

I will roll the swab for 5 seconds on each side.

5

A teacher might help me.

It might feel a bit horrible or uncomfortable, but it is

very quick and will not hurt me.

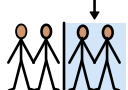

My test results

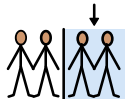

If my test results are positive, I have Coronavirus. I must

stay at home. This is called isolating.

Isolating stops other people becoming ill. I am helping make

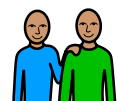

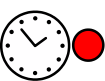

sure other people are safe.

My family will look after me and help keep me safe and healthy.

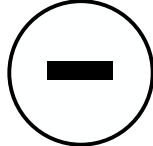

I need to isolate for 10 days.

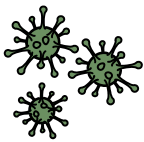

After I feel better I can go back to school and see my friends.

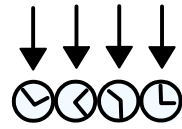

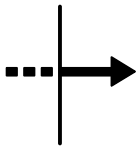

My test results

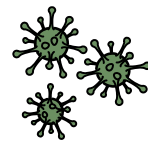

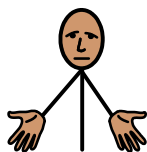

If my test results are negative, I do not

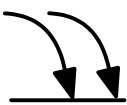

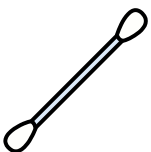

have Coronavirus. I can go to school. I

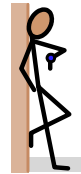

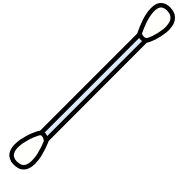

must continue to wash my hands regularly.

I may need to do the Coronavirus

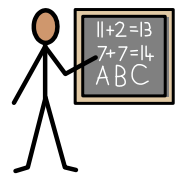

test again another time.

Doing my test and waiting for

my test results might make me

feel anxious. I can speak to my teachers

or family if I am worried.
